Check your data carefully, if any of them are incorrect, return to the previous screen with the BACK key.
If your data is correct, you must put the tick in the two fields indicated and press "Registrar".

If you don’t receive the password after 24 hours, send an email along with the scanned DNI/Passport to: posgrado.oficial@uam.es

IMPORTANT

In this last screen of Register, the NIA already appears, but in anyway the application will send you two emails to the email address that you have entered (check your email box, even the spam folder). In the first email, which will be called “Notificación de usuario registrado I”, you will be informed (Your user (NIA) is...) and in the second email, which will be called “Notificación de usuario registrado II”, it will be communicated the password (Your password is).

THIS IDENTIFICATION IS PROVISIONAL AND WILL ONLY BE VALID TO ACCESS THE MASTER REGISTRATION.
